

Garden Soil Test Order Form

The Soil Test is the cornerstone of the High Brix Garden Program. Why guess when you can know for sure? That is the guiding premise behind taking a soil test. Follow the steps outlined below to order your soil test.

Step 1 - Collect Soil Sample

Take a soil sample by digging a vertical hole in your garden to a depth of 6 inches. Take an even slice off the side from top to bottom with a clean spade that is not rusty. Place in a clean bucket that does not have any feed, salt, or fertilizer residues. Take several more samples like this in other areas of the garden. Mix all the soil together thoroughly in the bucket. After mixing, put 1 ½ cups into a soil bag or plastic Ziploc baggie.

Note: If you have more than one sample to send in, please fill out a separate Soil Test Order Form with each test.

Step 2 - Contact & Garden Info

Name _____	Phone _____
Address _____	Cell _____
City, State, Zip _____	Fax _____
Garden Id _____	Email _____

Size: L W Area (L x W) Or Number of Acres

Type of Recommendations - Select only one: Nutrient Dense - recommended USDA Certified Organic

Step 3 - Choose Your Tests

- S-1 Soil Analysis with Recommendations \$50.00
- S-2 Formazan - Microbial Activity & Soil Index \$22.00
- S-3 Soil Analysis without Recommendations \$25.00
- S-4 Boron \$10.00
- S-5 Base Saturation C.E.C. Soil Test + Organic Matter \$21.00
- S-6 Sulphur \$10.00
- S-7 Organic Matter (already included in S-5) \$10.00

Note: The Tests in Red are highly recommended for the High Brix Garden Program. Boron can be tested every other year.

Do you have a conductivity meter with a direct soil probe? Yes No

Has this soil been previously tested by International Ag Labs? Yes No
 Lab Number _____ Year _____

Step 4 - Payment

You can send a check, money order, or cashier's check or you may provide credit card info below:

Credit Card Type: _____	Card Expiration: _____
Card Number: _____	CVV Code: _____
Signature: _____	Today's Date: _____

Step 5 - Send Your Sample

Print this page and mail with Soil Sample and Payment to:

International Ag Labs 800 W. Lake Ave., PO Box 788 Fairmont, MN 56031 507-235-6909

What's Next?

International Ag Labs will send you a **Soil Analysis Report** and a fertility **Recommendations Sheet**.

Dealer Info:

Would you like us to send a copy of your results to your dealer? Check one: Yes - No

Dealer Name: _____
